This continuation volume of the Pan-African Chronology set covers the most significant events in the African diaspora from the end of the American Civil War through the pre-World War I years. This was a time of great change for black Americans-- Reconstruction, the founding of the NAACP, the formation of the separate but equal doctrine, and the migration of blacks from the rural South to Northern cities. The eradication of slavery as a legalized institution was finally realized in the Americas, while the struggle to end it in Asia was also taking place. European colonialism in Africa was accelerated, ironically coinciding with humanitarian efforts to end the slave trade on the African continent. These events and many others

are covered here.

The Harlem Renaissance was a watershed moment for racial uplift, poetic innovation, sexual liberation, and female empowerment.

Aphrodite's Daughters introduces us to three amazing women who were at the forefront of all these developments, poetic iconoclasts who pioneered new and candidly erotic forms of female self-expression. Maureen Honey paints a vivid portrait of three African American women—Angelina Weld Grimké, Gwendolyn B. Bennett, and Mae V. Cowdery—who came from very different backgrounds but converged in late 1920s Harlem to leave a major mark on the literary landscape. She examines the varied ways these poets articulated female sexual desire, ranging from Grimké's invocation of a Sapphic goddess figure to Cowdery's frank depiction of bisexual

erotics to Bennett's risky exploration of the borders between sexual pleasure and pain. Yet Honey also considers how they were united in their commitment to the female body as a primary source of meaning, strength, and transcendence. The product of extensive archival research, Aphrodite's Daughters draws from Grimké, Bennett, and Cowdery's published and unpublished poetry, along with rare periodicals and biographical materials, to immerse us in the lives of these remarkable women and the world in which they lived. It thus not only shows us how their artistic contributions and cultural interventions were vital to their own era, but also demonstrates how the poetic heart of their work keeps on beating.

Calendar of State Papers and Manuscripts, Relating to English Affairs, Existing in the Archives and Collections of Venice: 1527-1533 Рипол Классик

This ambitious work

chronicles 250 years of the Cromartie family genealogical history. Included in the index of nearly fifty thousand names are the current generations, and all of those preceding, which trace ancestry to our family patriarch, William Cromartie, who was born in 1731 in Orkney, Scotland, and his second wife, Ruhamah Doane, who was born in 1745. Arriving in America in 1758, William Cromartie settled and developed a plantation on South River, a tributary of the Cape Fear near Wilmington, North Carolina. On April 2, 1766, William married Ruhamah Doane, a fifth-generation descendant of a Mayflower passenger to Plymouth, Stephen Hopkins. If Cromartie is your last name or that of one of your blood relatives, it is almost certain that you can trace your ancestry to one of the thirteen children of William Cromartie, his first wife, and Ruhamah Doane, who became the founding ancestors of our Cromartie family in America: William Jr., James, Thankful, Elizabeth, Hannah Ruhamah, Alexander, John, Margaret Nancy, Mary, Catherine, Jean, Peter Patrick, and Ann E.

Cromartie. These four volumes hold an account of the descent of each of these first-generation Cromarties in America, including personal anecdotes, photographs, copies of family bibles, wills, and other historical documents. Their pages hold a personal record of our ancestors and where you belong in the Cromartie family tree. [A Digest of the Laws of Pennsylvania](#) Rutgers University Press Robert Hawkins lived in Charlestown, Massachusetts, He married Mary. Traces the descendants of two of their sons, Zachariah and Joseph (1642-1682). Descendants and relatives lived mainly in Connecticut, New York, Vermont, Ohio and Washington. [Wills from Late Medieval Venetian Crete, 1312-1420](#) Cambridge University Press New York Times bestselling author Kat Martin combines the best of strong alpha males, gripping romantic tension, and pulse-pounding suspense, taking readers to Alaska, where the men are as bold and untamed as America's last wilderness. Readers will be delighted with this newly repackaged book in

the Brodies of Alaska Series! ALASKA Where the men are as bold and untamed as America's last wilderness It's been three years since Lane Bishop tragically lost her fiancé, and she's finally ready to risk her heart on someone else. The hot look in Dylan Brodie's eyes says he's going to be that man. But when Lane flies to his remote 1930s fishing lodge to help him renovate, she discovers a little girl who won't speak, eerie legends, and strange sounds in the night. And when she investigates the history of the lodge, she uncovers a legacy of injustice and murder. As danger stalks his daughter and the woman he is coming to love, Dylan must risk everything to uncover the shocking truth. *Calendar of State Papers and Manuscripts Relating to English Affairs Existing in the Archives and Collections of Venice and in Other Libraries of Northern Italy* New York : Appleton-Century-Crofts The period described in Volume X of the second edition of *The Cambridge Ancient History* begins in the year after the death of Julius Caesar and ends in the year after the fall of Nero, the last of the Julio-Claudian emperors. Its

main theme is the transformation of the political configuration of the state and the establishment of the Roman Empire. Chapters 16 supply a political narrative history of the period. In chapters 7-12 the institutions of government are described and analysed. Chapters 13-14 offer a survey of the Roman world in this period region by region, and chapters 15-21 deal with the most important social and cultural developments of the era (the city of Rome; the structure of society; art, literature and law). Central to the period is the achievement of the first emperor, Augustus. *Against the Wild* National Geographic Books This monumental book, first published in 1992, represents a major contribution to Sephardic and Hispanic studies as well as to comparative folklore scholarship in a worldwide perspective. After many years of fieldwork and extensive archival investigations in Spain, Israel and the United States, the author has brought together and analysed a massive body of primary sources. This is the first collection of Sephardic narratives offered to the English-

speaking reader, and constitutes an important addition to the understanding of Sephardic cultural tradition. *Franks, Moravians, and Magyars* John Wiley & Sons Those who work with children and young people have a responsibility to safeguard and promote their welfare. Recognizing and detecting signs of emotional abuse and neglect is an important responsibility as well as a key skill. As well as ensuring that children and young people are free from harm, it is equally important to ensure their well-being and quality of life. This new edition of Olive Stevenson's highly respected text is updated throughout to include the latest policy and research developments, and expanded to include greater consideration of topics such as the impact of parental mental health, substance abuse and alcoholism on parental capacity and the issue of parents with learning disabilities. Providing clear guidelines for the assessment and intervention of child neglect, *Neglected Children and Their Families* is an invaluable resource for all those

studying and working in childcare, including social workers, health visitors and child nurses. Includes recent policy and research developments in the field, and includes latest government initiatives Provides best-practice guidelines for the detection and assessment of neglect Written by a highly-respected authority in the area Evidence-based, accessible and practical in style [The Broadview Anthology of British Literature, Second Edition](#) Routledge Assembles evidence from Frankish, Moravian, and Byzantine documents; from archaeological finds; and details of the terrain to buttress the view that the center of the Slavic Moravian empire was in what is now Serbia, much farther southeast than is usually thought. This interpretation explains how the Franks managed otherwise inexplicable military successes against the Moravians. **CampbellTree** Lulu.com Alpha, recently graduated from the East-West University in Hawaii, seeks his fortune in Japan by becoming an English teacher. He falls in love with Rie, the receptionist at the company where he is employed. Neither is aware of a hidden

connection through Rie's uncle and father to the Japanese mafia (yakuza). When Rie's terminally ill uncle tries to break into the domestic monopoly on the sale of pachinko machines, a strange twist of fate occurs. When her father tries to sever similar ties with the yakuza by opting not to play a monthly "gratuity," he pays a steep price. Finally, the yakuza violates one of its own cardinal rules, resulting in Rie's alarming disappearance. Alpha faces very limited options as he contemplates his future. The plot line of 893 is based on a composite of true events. The book offers readers a pleasurable introduction into the current Japanese culture and worldview, focusing on the complexities that arise in interactions between that society and Western culture.

893 McFarland

Robert Hart's forty-five year administration of China's customs service was a unique achievement. In these letters Hart speaks to us directly from a time long past in China, but a time that may seem only yesterday to a Western reader. The result is a primary source for the

history of modern China and the era of foreign privilege there. Bearing sole responsibility for the Chinese Maritime Customs as its Inspector General, Hart built up an international staff of thousands, facilitated foreign trade, gave the late-Ch'ing court its principal new revenues, and fostered China's modernity in administration, schools, naval development, postal service, and many other lines. Behind the scenes Hart was also a diplomat who settled the Sino-French war, changed Macao's status, got boundaries delimited with Burma and India, and mitigated the disasters of imperialism. His career at Peking, coinciding with that of the Empress Dowager Tz'u-hsi, represented the constructive side of the unequal treaty system and Victorian Britain's informal empire in East Asia. The publication of the great I.G.'s weekly or fortnightly letters to his confidant and London commissioner, James Duncan Campbell, gives us an intimate, inside view of Hart's problems and methods. He appraises his employers in China's foreign office, the Tsungli Yamen, and

comments pithily on the complex flow of events and personalities. He quotes the Confucian Classic but, even more, the Latin poets. His personal life is revealed--standing long hours at his writing desk, finding solace in the violin, keeping his own counsel, constantly isolated by his responsibilities. Having no confidant in Peking, he explains himself to his loyal agent in London. The Hart-Campbell letters, after five years' editing and annotation and with an informed introduction by Hart's final successor as foreign I.G., Mr. L. K. Little, thus take their place as one of the great historical treasures that bring a vanished era back to life.
