By addressing gender
equality as a fundamental
expression of human
dignity and justice on our
continent, this collage of ?
essays [by 14 women and
6 men], is meant to serve
as a concrete alternative
to aspects of gender

inequality ? Its format is
particularly devised for
use in the classroom, and
for critical-constructive
group engagement. It is
our sincere prayer that it
will also be used in
imaginative ways by
clergy and in
congregations as a
necessary part of adult
learning programmes.

You Can Begin Again UJ Press

Health is something everyone wants. Billions of dollars are spent each year trying to retain or restore health. It is a basic desire of all mankind. Anyone who likes sickness must be mentally sick! Yet, religion has told us that God is the one who wants us sick. It even tries to make us believe that sickness is a blessing. That's just not true. God wants you well. Healing is in Christ's Atonement. Jesus died for our health just as much as He died

for the forgiveness of our sins. This has to be the foundation of our faith for healing. Many Scriptures relate the healing of our bodies and the forgiveness of our sins in the same verse. Jesus went about healing all who were oppressed of the devil and told us to do the same. Jesus hasn't changed, it's the people who represent Him who have changed. What about Paul's thorn in the flesh? It is commonly believed that the apostle Paul had a sickness for which he besought the

Lord for healing three times, and the Lord wouldn't heal him. From that assumption, people teach that God sometimes wants us sick. In this book, Andrew reveals what Paul's thorn in the flesh was, and it wasn't sickness. If it is God's will to heal everyone, then why isn't everyone healed? It's not because of God. And it's not just because we don't have enough faith. We do have the faith to be healed. Jesus said the problem is our unbelief - unbelief cancels out faith. Instead

of trying to get more faith or bigger faith, we just need a pure faith that isn't negated by unbelief. There are laws that govern the spiritual world just as there are laws that govern the physical realm. Electricity has been around since the beginning of the world, but mankind didn't benefit from electricity until recently, not because it didn't work, but because of our ignorance of the laws of electricity. Likewise, God's healing is here and available. It's only our ignorance of the

laws which control the flow of God's power that keeps us from benefiting from it.

Living with Dignity

This is a compilation of a true-life accounts which took place in a Cult Community called The Synagogue, 'church' of all Nations, Ikotun-Egbe, Lagos, Nigeria; where the author was trapped

through hypnotism, and brainwashing for over a decade with other devotees. She documented her journey into this community who use religious garb to cover their nefarious operation in order to lure the naive, vulnerable, gullible, and the innocent into occultism. She narrates how they lived, how they were systemic initiated into the dark world by deceit, and were terrorised to swear allegiance to secrecy. They also became instruments of deception

in the hands of T. B. Joshua to deceive visitors to the Synagogue. Finally, her escape was a grand style of Jehovah where others lost their lives. This is purely to EDUCATE people and to give ALL THE GLORY back to God, for His Amazing Saving Grace, His constant Love and His abiding Presence. She said, "If I should denied the world this truth, I became a partaker of evil and Hellfire would have been my eternal abode. I am under obligation and indebted to share; I cannot keep it to

myself; it burns in my bones. I will also like to use this as a means of restoring the souls of those who have fallen away due to this global deception of T.B. Joshua." This Book is a societal mirror for everyday people, it is saying that, each one of us has the ability to enter into relationship with God individually without depending on another man as a connector. Jesus Christ has made the way. This is to stand as a guide to the blind, as a warning to the gullible, and as a

light to the simple; because what causes people to panic, and run helter skelter in search of an intermediary between them and their Creator is still prevalent in the world, such as sickness, affliction, trouble, confusion, disease, barrenness, joblessness, etcetera. What drives people to run from one prophet to another prophetess both false and genuine, which can cause them to eventually fall into error is still at large. Those things that pressurizes people daily,

and can cause them to be knocking on the doors of prayer contractors and spiritual arrangers, intending to cut deals with 'God' if possible; rather than to go on their knees and be calling upon their Creator for Mercy and a turnaround is still thriving in the world today. Evil seems to run rampant everywhere. What we need is Peace in God and holding unto His Word. These agents of satan are only having breakthrough at your breakdown. Beware of miracle peddlers, Beware

of false prophets, and Beware of false teachers, Jesus warned. This is their time, Run for your life!

God Wants You Well North Atlantic Books
One man hears God speak in a burning bush. God

calls another man in his sleep. The angel of the Lord appears to a young man. In the Bible there are a number of people who heard God speaking directly to them. Today, however, life is so busy and full of noise that people don't hear God's voice so clearly anymore. But just because we don't hear God's voice, doesn't mean that He isn't speaking to us. HEARING GOD'S VOICE is written specifically for people who struggle to identify God's voice. In her simple narrative style, Elza

Meyer uses the stories of Samuel, David, Deborah and Gideon, among others, to show that God speaks to all of us - we just need to listen. She explains how one should react to prophetic words as well as how to hear God's voice in nature. HEARING GOD'S VOICE will draw readers closer to God so that they can communicate with Him on a more intimate level. **Justification and the Gospel** Whitaker House Do you want to discover the life you were intended for? and generation belong to the core mission of the public university. In democratic South Africa, the transformation of these processes and practices in higher education has become an urgent and contested task. The Faculty of Theology at the University of the Free State has already done some original work on the implications of these for theology. One area of investigation that has not yet received due attention concerns the role of theological disciplines,

and especially the relation between academic disciplines and societal dynamics. This research project addresses the challenge and this volume reflects the intellectual endeavour of lectures, research fellows and a post-graduate student associated with the faculty. Each theological discipline has its own history and has already experienced reconstruction, both globally and in South Africa. Some of these genealogical developments and re-

envisioning are mapped by the contributions in this volume. The critical questions addressed are: what are the contours of the (post)apartheid condition and what are the implications for responsible disciplinary practices in theology? The chapters convey an impression of the vitality of theology at the University of the Free State and in South Africa and give expression to fundamental shifts that have taken place in theological disciplines, and also of future tasks.

This research project aims to stimulate reflection on responsible and innovative disciplinary practices of theology in South Africa, which, we envisage, will contribute to social justice and human flourishing. -Rian Venter, University of the Free State

 The Christian life isn't very complicated; but we've made it so through our ignorance of principles central to the Christian walk. There are some basics with which

people need to be equipped to live a more victorious Christian life. Tony Evans has heard the people's cry for these sometimes difficult principles to be made simple and explained clearly and succinctly. In his new Tony Evans Speaks Out . . . booklet series, Evans tackles four basic elements of Christianity with a clarity and simplicity characteristic of his popular style.

Surely this is the hour when the battleground is in the soul. While the Lord is seeking to work through the quickened spirit, Satan is seeking to work through the natural, soulish life which has not been brought under control of the spirit. For Your Glory The subject of the Belhar Confession is an academic one which has enjoyed international attention, with congregations in the West having adopted it as one of their confessions for use. The content of this book is aimed chiefly

at a scholarly community with ample knowledge of confessional documents and is a contribution on the subject of the Belhar Confession. The current challenges to the church and theology are discussed. Racism is one issue that poses an increasingly huge challenge to South Africa today. The book demonstrates what needs to be done extra to deal with the scourge of racism that seems to have percolated through virtually all aspects of our existence and particularly

the church today in South Africa.

Theology and the (post)apartheid

condition FaithWords Although Ephesians is one of the New Testament's shortest in terms of word count -- only 6 chapters and 155 verses -- it is perhaps its most

applicable to today's culture. In addition to the divine beauty and power we find in Ephesians, this epistle also provides Paul's most direct address about the life that emerges from a disciple of Jesus. In this epistle Paul conveys his pastoral heart for the Ephesian believers by focusing upon who they are in Christ as it relates to their struggles, their new life, community, pursuits of unity and holiness, and how to engage life's challenges. Perhaps the most contemporary book

in the New Testament, Ephesians and this study by Tony Merida offers very practical answers to basic questions about the Christian life and our identity in Christ. This study will help students better understand the importance of finding identity in Christ, and will help students better understand the relationship between our spiritual adoption and our daily lifestyle. It's never too late for a new beginning. Look closely and you'll see that theme all through the Bible. Page after page, God delights in turning tragic endings into new beginnings. A childless woman conceives in her old age; a fearful, self-conscious shepherd becomes a leader of millions; and a prostitute becomes a wife and mother in the lineage of Christ. Every biblical fresh

start reveals the amazing, awe-inspiring hope we have for our own new beginnings in God's plan for our lives. In [You Can Begin Again](#), bestselling author Joyce Meyer explores the beauty and infinite supply of God's love and grace. Through inspiring stories, Scriptural principles, and her classic practical, life-application approach, Joyce powerfully demonstrates that God isn't done with you yet. If you're stuck in a rut, disappointed by an outcome, hurting from a

wound, failing in an endeavor, struggling in a relationship, or unsure about the future. . . don't give up. Don't give up on yourself, and don't give up on the God Who loves you and offers you a new beginning today. [Clouds of Witness](#) Destiny Image Publishers
