Women Seeing Women Editorial Crítica

The first book to look at rock rebellion through the lens of gender, *The Sex Revolts* captures the paradox at rock's dark heart--the music is often most thrilling when it is most misogynistic and macho. And, looking at music made by female artists, the authors ask: must it always be this way?

From acclaimed yoga teacher Guru Jagat comes a wildly cool, practical, and beautifully illustrated guide to applying the simple and super-effective technology of Kundalini Yoga and Meditation to everyday life, upgrading your "operating system" inside and out. With *Invincible Living*, Guru Jagat shares a radical way of understanding yoga—not just as something to do in practice, but as a broader principle for living. There's no need to have a bendy back or toned arms. You don't even need a mat: just a quiet space to clear your head, and as little as a minute out of your day. From beauty and self-care to work and relationships, *Invincible Living* tackles both the mind—from mood elevation and stress reduction to renewed mental clarity—and the body—from anti-aging, and increased metabolism to amped up energy. The second book continues the story again from the perspective of her mother, Bernadette of Christinas development: the end of her school days, the revelation of her life plan and the impressive start of her work in public. Further topics in Book 2 are: the universal rules of life; how to follow our individual soul path and unfold our personal potential; support from our spiritual

companions; practical tips for increasing individual and collective vibration frequency; the silent revolution of unconditional love; the importance of grounding for time-change people; the essential link between lateral thinking and spirituality; holistic science and positive technology; four possible consciousness orientation choices; the five-dimensional future of humanity on earth and the approaching golden age. I am here to help human beings to reach a state of expanded consciousness. With an expanded horizon, they will be able to see what is not working properly on this planet today for themselves. Then they can develop new solutions and perspectives in every area of life that will be successful in the long term. But human beings have free will. The decision is theirs alone. (Christina von Dreien) We are all equal in our innermost core. No one is more advanced than anyone else, no light is brighter than any other, and no task in life is more important than any other. We are all divine beings who are experiencing being human, and not human beings who are becoming divine. (Christina von Dreien)

"A good story and first-rate social science."—New York Times Book Review. A sinisterly funny modern-day *Through the Looking Glass* that begins with cyanide poisoning and ends in strawberry ice cream. The idea of the Native American living in perfect harmony with nature is one of the most cherished contemporary myths. But how truthful is this larger-than-life image? According to anthropologist Shepard Krech, the first humans in North America demonstrated all of the intelligence, self-interest, flexibility, and ability to make mistakes of human beings anywhere. As Nicholas Lemann put it in *The New Yorker*, "Krech is more than just a conventional-wisdom overturner; he has a serious larger point to make. . . . Concepts like ecology, waste, preservation, and even the natural (as distinct from human) world are entirely anachronistic when applied to Indians in the days before the European settlement of North America." "Offers a more complex portrait of Native American peoples, one that rejects mythologies, even those that both European and Native Americans might wish to embrace."—Washington Post "My story, the story of 'how I became a nun,' began very early in my life; I had just turned six. The beginning is marked by a vivid memory, which I can reconstruct down to the last detail. Before, there is nothing, and after, everything is an extension of the same vivid memory, continuous and unbroken, including the intervals of sleep, up to the point where I took the veil ." So starts Cesar Aira's astounding "autobiographical" novel. Intense and perfect, this invented narrative of childhood experience bristles with dramatic humor at each stage of growing up: a first ice cream, school, reading, games, friendship. The novel begins in Aira's hometown, Coronel Pringles. As self-awareness grows, the story rushes forward in a torrent of anecdotes which transform a world of uneventful happiness into something else: the anecdote becomes adventure, and adventure, fable, and then legend. Between memory and oblivion, reality and fiction, Cesar Aira's *How I Became a Nun* retains childhood's main treasures: the reality of fable and the delirium of invention. A few days after his fiftieth birthday, Aira noticed the thin rim of the moon, visible despite the rising sun. When his wife explained the phenomenon to him he was shocked that for fifty years he had known nothing about "something so obvious, so visible." This epiphany led him to write *How I Became a Nun*. With a subtle and melancholic sense of humor he reflects on his failures, on the meaning of life and the importance of literature.

his book combines the perspectives of a dedicated yogi with that of a former anatomy professor and research associate at two major American medicine schools. He has set himself the ambitious goal of combining the modern scientific understanding of anatomy and physiology with the ancient practice of hatha yoga. The result of an obvious labour of love, the book explains hatha yoga in demystified, scientific terms while at the same time honouring its traditions. It should go a long way in helping yoga achieve the scientific recognition it deserves. Useful as both a textbook and a reference work, this is a book that all serious yoga teachers and practitioners will want on their shelves.

Haegue Yang's artworks are known not only for their diversity of media and methods, but also for

their eloquent and seductive sculptural language of conceptual abstraction, often derived from her research on figures and events throughout history, as well as inquiries on the notion of folk and traditional craft techniques. Bringing together new and existing works spanning the last decade, Haegue Yang's solo exhibition *In the Cone of Uncertainty* at The Bass foregrounds the artist's consistent curiosity about the world and tireless experimentation with materializing the complexity of identity politics and their ever-changing parameters. Its companion publication highlights a substantial selection of Yang's oeuvre, including blind installations, anthropomorphic works and light sculptures, with an expanded focus on her growing series of mural-like graphic wall pieces. OHAEGUE YANG (*1971, Seoul) lives and works in Berlin and Seoul. Since 2017 she has been Professor at the Städelschule in Frankfurt am Main. Her work has been included in numerous exhibitions internationally, such as the Venice Biennale; documenta, Kassel; at Centre Pompidou, Paris; and at Museum Ludwig, Cologne. Henry Drax is a harpooner on the Volunteer, a Yorkshire whaler bound for the rich hunting waters of the arctic circle. Also aboard for the first time is Patrick Sumner, an ex-army surgeon with a shattered reputation, no money, and no better option than to sail as the ship's medic on this violent, filthy, and ill-fated voyage. In India, during the Siege of Delhi, Sumner thought he had experienced the depths to which man can stoop. He had hoped to find temporary respite on the Volunteer, but rest proves impossible with Drax on board. The discovery of something evil in the hold rouses Sumner to action. And as the confrontation between the two men plays out amid the freezing darkness of an arctic winter, the fateful question arises: who will survive until spring? With savage, unstoppable momentum and the blackest wit, Ian McEwan's *The North Water* weaves a superlative story of humanity under the most extreme conditions.

Este es un libro realmente extraordinario: la obra más original y madura de Richard J. Evans. Definirlo como una historia de Europa entre la caída de Napoleón y el estallido de la primera guerra mundial resulta insuficiente; porque lo que Evans nos ofrece es una apasionante interpretación de la formación del mundo moderno, a través de una serie de ventanas que no sólo se abren sobre un panorama de gobiernos, guerras y revoluciones, sino que nos describen el cambio de la sociedad (la emancipación de los siervos, la formación de la clase obrera...), la conquista de la naturaleza, la expresión de las emociones... Hasta llegar a la época en que los conflictos internos y la rivalidad entre las potencias imperiales condujo al estallido de la Gran Guerra. Evans construye con estos materiales un relato fascinante, puntuado por las vidas de una serie de personajes arrastrados por las corrientes de su tiempo.

From Dawn till Dusk Notion Press

An Amazon Best Book of the Month An Indie Next Pick A Barnes & Noble Discover Pick One of Southern Living's Best Southern Books of 2017 In the vein of Daniel Woodrell's *Winter's Bone* and the works of Ron Rash, a novel set in a tough-and-tumble Mississippi town where drugs, whiskey, guns, and the desire for revenge violently intersect. For eleven years the clock has been ticking for Russell Gaines as he sits in Parchman Penitentiary in the Mississippi Delta. His sentence is now up, and he believes his debt has been paid. But when he returns home, he soon discovers that revenge lives and breathes all around him. On the same day that Russell is released from prison, a woman named Maben and her young daughter trudge along the side of the interstate under the punishing summer sun. Desperate and exhausted, the pair spend their last dollar on a room for the night, a night that ends with Maben running through the darkness holding a pistol, and a dead deputy sprawled in the middle of the road in the glow of his own headlights. With the dawn, destinies collide, and Russell is forced to decide whose life he will save--his own or those of the woman and child. Delivered in powerful and lyrical prose, *Desperation Road* is a story of troubled souls twisted with regret and bound by secrets that stretch over the years and across the land.
