In this stirring follow-up
to his memoir, Steve
Pemberton gives
practical
encouragement for

how you can be a
"human lighthouse" for
others and through
these inspiring stories
will renew your hope
for humanity. Our
polarized, divisive
culture seems to be
without heroes and
role models. We are
adrift in a dark sea of
disillusionment and
distrust and we need
"human lighthouses" to
give us hope and direct
us back to the
goodness in each other
and in our own hearts.
Steve Pemberton found
a lighthouse in an
ordinary man named
John Sykes, his former
high school counselor.
John gave Steve a safe
harbor after Steve
escaped an abusive
foster home and
together they
navigated a new path
that led to personal
and professional
success. Through

stories of people like John and several others, you will identify how the hardships you have overcome equip you to be a "human lighthouse," inspiring those around you. The humble gestures of kindness that change the course of our lives can shift the course for America too. With a unique vision for building up individuals and communities and restoring trust, *The Lighthouse Effect* opens your eyes to those who are quietly heroic. You will reflect on the lighthouses in your own life and be reminded that the greatest heroes are alongside us--and within us.

John Buchan's name is known across the world for *The Thirty-Nine Steps*. In the past one

hundred years the classic thriller has never been out of print and has inspired numerous adaptations for film, television, radio and stage, beginning with the celebrated version by Alfred Hitchcock. Yet there was vastly more to 'JB'. He wrote more than a hundred books – fiction and non-fiction – and a thousand articles for newspapers and magazines. He was a scholar, antiquarian, barrister, colonial administrator, journal editor, literary critic, publisher, war correspondent, director of wartime propaganda, member of parliament and imperial proconsul – given a state funeral when he died, a deeply admired and loved Governor-General of Canada. His teenage

years in Glasgow's Gorbals, where his father was the Free Church minister, contributed to his ease with shepherds and ambassadors, fur-trappers and prime ministers. His improbable marriage to a member of the aristocratic Grosvenor family means that this account of his life contains, at its heart, an enduring love story. Ursula Buchan, his granddaughter, has drawn on recently discovered family documents to write this comprehensive and illuminating biography. With perception, style, wit and a penetratingly clear eye, she brings vividly to life this remarkable man and his times.
Beyond the Thirty-Nine Steps Bloomsbury Publishing

In this fast-paced spy thriller, a self-described "ordinary fellow" stumbles upon a plot involving not only espionage and murder but also the future of Britain itself. This classic of suspense served as the basis for one of Hitchcock's most famous films and was the first novel in the author's Greenmantle series.

The police are chasing him for a murder he did not do, and another, more dangerous enemy is chasing him as well - the mysterious 'Black Stone'. Who are these people? The Hundred and Ninety-nine Steps

Why do some people achieve seemingly limitless success while others drift from day to day? How do some, despite extremely challenging

circumstances, rise up to make a big impact or achieve great things and others, given the benefit of significant talent or opportunity, end up settling for so much less? What makes the difference? This book was written for those, young and old, who simply don't want to settle for the status quo or for "good enough" and have dreams they want to chase, not give up on. Based on research of accomplished people and his own personal experiences of successes and failures, Peter G. Ruppert provides a step-by-step guide to help readers positively impact the trajectory of their own future. Filled with real life examples for each step, extra learning resources to dig deeper, and a

workbook style recap after each chapter, Ruppert provides a simple yet powerful program so readers can launch their own limitless life. All net proceeds will be donated to the Fusion Scholarship Foundation.

After looking into the world of the afterlife for a long time, Anne Givaudan and Daniel Meurois were able to focus their attention on what might be called the world of "pre-birth". Using their familiar method of projecting consciousness, for the nine months which make up a pregnancy, they followed the path of Rebecca, a soul preparing to take on a body of flesh. Day after day, week after week,

they faithfully recorded how the being to be incarnated went through many metamorphoses. Like a documentary article, their testimony retraces the various psychic and physical changes which everyone undergoes in the womb and the worlds which lead to it. This is a new way of looking at foetal life and the process of reincarnation. Written in a simple, direct style, the originality and amount of information the book offers make it a work that does not just speak to those who are to give birth to a child, or have already done so, but also all those for whom life is an everlasting source of wonder.

Many sources regularly refer to a Master of wisdom who was reincarnated in the Middle East towards the beginning of the sixties. Some go as far as saying it was Jesus in person. Answering a call, Anne Givaudan and Daniel Meurois undertook a journey to Syria. There, they were immediately contacted by a Being of Light in whom they recognized both an impressive force and gentleness which left them in no doubt... Their story begins in the heart of Damascus, but this quickly goes backstage when the spotlight is focused on the teaching they receive. Testimony of an amazing experience, the book is like a guide for each one of us to

shake off the ego's tenacious hold and construct the firmer foundations of a new consciousness. Of burning topicality, simply written without indulgence, "By the Spirit of the Sun" addresses all those who, as seekers of Peace and Truth, no longer want to "spend their time" but act. *Nine Steps to a Successful Fundraising Campaign* Nautilus
The classic 1940 study of con men and con games that Luc Sante in Salon called "a bonanza of wild but credible stories, told concisely with deadpan humor, as sly and rich in atmosphere as anything this side of Mark Twain." "Of all the grifters, the confidence man is the aristocrat," wrote David Maurer, a

proposition he definitely proved in The Big Con, one of the most colorful, well-researched, and entertaining works of criminology ever written. A professor of linguistics who specialized in underworld argot, Maurer won the trust of hundreds of swindlers, who let him in on not simply their language but their folkways and the astonishingly complex and elaborate schemes whereby unsuspecting marks,

hooked by their own greed and dishonesty, were “taken off” – i.e. cheated—of thousands upon thousands of dollars. The Big Con is a treasure trove of American lingo (the write, the rag, the payoff, ropers, shills, the cold poke, the convincer, to put on the send) and indelible characters (Yellow Kid Weil, Barney the Patch, the Seldom Seen Kid, Limehouse Chappie, Larry the Lug). It served as the source for the Oscar-winning film The Sting.
