 Techniques* C&T Publishing Inc

Quilting is a craft, rich with tradition and
 homespun, practical applications. But it's
 also an art--which, with needle, thread,
 fabric, and an idea, can give us a new
 way of looking at, and wrapping
 ourselves in, the world. This book
 profiles twenty American practitioners of

that art, quilters whose fascinating,
 innovative work takes the craft one step
 further and makes it into something
 new. These remarkable quilters describe
 their inspiration and methods and show
 us several examples of their best work.
 Among them are Jeanne Williamson, a
 celebrated mixed-media journal quilter;
 Pam Rubert, whose large-scale quilts
 showcase her humor; Loretta Bennett,
 the youngest of the beloved Gee's Bend
 quilters; Boo Davis, a hip crafter who
 pieces together quilts with heavy-metal
 themes; Susan Else, who constructs
 whimsical quilted sculptures; Ai Kijima, a
 Brooklyn-based artist influenced by
 Japanese anime; and Jane Burch
 Cochran, whose folk-art quilts feature
 thousands of beads and buttons.
 Through personal conversations with the

quilters, author Spike Gillespie gives us an inside, in-depth look at what inspires each, what methods they use, and how their art has evolved. Along with these close-up views of the quilter's studio and process, each profile features firsthand tips and inspirational advice. *Quilting Art* serves as an idea book for quilters, as well as a gorgeous representation of the quilter's art.
