In the movie Don Juan DeMarco, Johnny Depp's character is in a psychiatric hospital receiving treatment because he believes he is Don Juan, a.k.a. "The Greatest Lover the World has Ever Known." In one of the scenes Don Juan says to his Doctor, "There are only Four Questions of Value in Life: What is sacred? Of what is the Spirit made? What is worth living for? And what is worth dying for? The answer to each is the same: Only Love." Since September 11, 2001 many of us have been searching for the ultimate meaning of our lives, where three additional questions have been consuming our thoughts: Where did I come from? Why am I here? And what will become of me when this life is over? The answer to each is the same: Only Love. This book is a love story in a very non-traditional sense. It's a love story to remind us who we are, and what our minds are capable of when we remove our egos and fill the void with thoughts of kindness and love. It's love story to get us thinking about you, and me, and the Eternity we will spend together as One. Even though there are many questions to consider as we embark upon this journey together as One, the answer to each is the same: Only Love.

Sarah is the youngest of the three Levine sisters. At twenty-five, she is rudderless, caught in a paralysis which keeps her from seizing her own life. When Sarah is fired from her Toronto job, a chance stay in Paris opens her up to new direction and purpose. But when she reads the writing on the wall above her local Métro subway station, "death to the Jews", shadows from childhood rise again. And as her path crosses that of Laila, a young woman living in an exile remote from the luxuries of 1980s Paris, Sarah stumbles towards to an act of terrorism that may realize her childhood fears. In this new novel by the author of *The Knife Sharpener's Bell*, writing that is both sensual and taut creates a tightly woven, compelling narrative.

"The author...has built knowledge into artistic fiction."—The New York Times Book Review Elisha is a young Jewish man, a Holocaust survivor, and an Israeli freedom fighter in British-controlled Palestine; John Dawson is the captured English officer he will murder at dawn in retribution for the British execution of a fellow freedom fighter. The night-long wait for morning and death provides Dawn, Elie Wiesel's ever more timely novel, with its harrowingly taut, hour-by-hour narrative. Caught between the manifold horrors of the past and the troubling dilemmas of the present, Elisha wrestles with guilt, ghosts, and ultimately God as he waits for the appointed hour and his act of assassination. Dawn is an eloquent meditation on the compromises, justifications, and sacrifices that

human beings make when they murder other human beings.

The Failures of Ethics State University of New York Press

A Holocaust survivor's surprising and thought-provoking study of forgiveness, justice, compassion, and human responsibility, featuring contributions from the Dalai Lama, Harry Wu, Cynthia Ozick, Primo Levi, and more. While imprisoned in a Nazi concentration camp, Simon Wiesenthal was taken one day from his work detail to the bedside of a dying member of the SS. Haunted by the crimes in which he had participated, the soldier wanted to confess to—and obtain absolution from—a Jew. Faced with the choice between compassion and justice, silence and truth, Wiesenthal said nothing. But even years after the way had ended, he wondered: Had he done the right thing? What would you have done in his place? In this important book, fifty-three distinguished men and women respond to Wiesenthal's questions. They are theologians, political leaders, writers, jurists, psychiatrists, human rights activists, Holocaust survivors, and victims of attempted genocides in Bosnia, Cambodia, China and Tibet. Their responses, as varied as their experiences of the world, remind us that Wiesenthal's questions are not limited to events of the past.

Left to Tell Hill and Wang

Elie Wiesel, plucked from the ashes of the Holocaust, became a Nobel Peace laureate, an activist on behalf of the oppressed, a teacher, an award-winning novelist, and a renowned humanist. He moved easily among world leaders but was equally at home among the disenfranchised. Following his Nobel Prize, Wiesel established the Elie Wiesel Foundation for Humanity; one of their early initiatives was the founding of the Elie Wiesel Ethics Essay Contest. The reflections in this volume come from judges of the contest. They share their personal and professional experiences working with and learning from Wiesel, providing a glimpse of the person behind the public figure. At a time when the future seems ominous and chaotic at best, these reflections hold on to the promise of an ethically and morally robust possibility. The students whose essays prompt this sense of hope are remarkable for their insight and dedication. The messages embedded in the judges' reflections mirror Wiesel's convictions about the importance of friendship, the need to interrogate (without abandoning) God, and the power of remembrance in order to fight indifference.

Survive. At any cost. 10 concentration camps. 10 different places where you are starved, tortured, and worked mercilessly. It's something no one could imagine surviving. But it is what Yanek Gruener has to face. As a Jewish boy in 1930s Poland, Yanek is at the mercy of the Nazis who have taken over. Everything he has, and everyone he loves, have been snatched brutally from him. And then Yanek himself is taken prisoner -- his arm tattooed with the words PRISONER B-3087. He is forced from one nightmarish concentration camp to another, as World War II rages all around him. He encounters evil he could have never imagined, but also sees surprising glimpses of hope amid the horror. He just barely escapes death, only to confront it again seconds later. Can Yanek make it through the terror without losing his hope, his will -- and, most of all, his sense of who he really is inside? Based on an astonishing true story.

Defined by deliberation about the difference between right and wrong, encouragement not to be indifferent toward that difference, resistance against what is wrong, and action in support of what is right, ethics is civilization's keystone. The Failures of Ethics concentrates on the multiple shortfalls and shortcomings of thought, decision, and action that tempt and incite us human beings to inflict incalculable harm. Absent the overriding of moral sensibilities, if not the collapse or collaboration of ethical traditions, the Holocaust, genocide, and other mass atrocities could not have happened. Although these catastrophes do not pronounce the death of ethics, they show that ethics is vulnerable, subject to misuse and perversion, and that no simple reaffirmation of ethics, as if nothing disastrous had happened, will do. Moral and religious authority has been fragmented and weakened by the accumulated ruins of history and the depersonalized advances of civilization that have taken us from a bloody twentieth century into an immensely problematic twenty-first. What nevertheless remain essential are spirited commitment and political will that embody the courage not to let go of the ethical but to persist for it in spite of humankind's self-inflicted destructiveness. Salvaging the fragmented condition of ethics, this book shows how respect and honor for those who save lives and resist atrocity, deepened attention to the dead and to death itself, and appeals for human rights and renewed spiritual sensitivity confirm that ethics contains and remains an irreplaceable safeguard against its own failures.

Immaculee Ilibagiza grew up in a country she loved, surrounded by a family she cherished. But in 1994 her idyllic world was ripped apart as Rwanda descended into a bloody genocide. Immaculee's family was brutally murdered during a killing spree that lasted three months and claimed the lives of nearly a million Rwandans. Incredibly, Immaculee survived the slaughter. For 91 days, she and seven other women huddled silently together in the cramped bathroom of a local pastor while hundreds of machete-wielding killers hunted for them. It was during those endless hours of

unspeakable terror that Immaculee discovered the power of prayer, eventually shedding her fear of death and forging a profound and lasting relationship with God. She emerged from her bathroom hideout having discovered the meaning of truly unconditional love—a love so strong she was able to seek out and forgive her family's killers. The triumphant story of this remarkable young woman's journey through the darkness of genocide will inspire anyone whose life has been touched by fear, suffering, and loss.

A deeply reflective work, written by a number of eminent scholars both Jewish and Christian who represent a variety of disciplines and perspectives, this book explores basic issues in Wiesel's work - the nature of God, madness, silence, horror, and hope. With essays by such authorities among others, as Robert McAfee Brown, Eugene J. Fisher, Hary James Cargas, Eva Fleuschner, and Irving Abrahamson, the book reflects the inspiration of Wiesel's reconstructed belief in God, humanity, and the future. These eminent theologians, literary scholars, and philosophers show how Wiesel's thinking has changed over the past thirty years, and how it has remained the same.

A New Translation From The French By Marion Wiesel Born in Sighet, Transylvania, Elie Wiesel was a teenager when he and his family were taken from their home in 1944 and deported to the Auschwitz concentration camp, and then to Buchenwald. Night is the terrifying record of Elie Wiesel's memories of the death of his family, the death of his own innocence, and his despair as a deeply observant Jew confronting the absolute evil of man. This new translation by his wife and most frequent translator, Marion Wiesel, corrects important details and presents the most accurate rendering in English of Elie Wiesel's seminal work.

Night - Elie Wiesel Turtleback Books

Elie Wiesel is a master storyteller with the ability to use storytelling as a form of activism. From his landmark memoir *Night* to his novels and numerous retellings of Hasidic legends, Wiesel's literature emphasizes storytelling, and he frequently refers to himself as a storyteller rather than an author or historian. In this work, essays examine Wiesel's roots in Jewish storytelling traditions; influences from religious, folk, and secular sources; education; Yiddish background; Holocaust experience; and writing style. Emphasized throughout is Wiesel's use of multiple sources in an effort to reach diverse audiences.
