Sheriff's deputy Katarina Brown was just starting to examine the bone in the sinkhole when she looked down at the shifting earth under her feet. She was standing inches from an eerie set of white teeth. It was a skull - make that two skulls, complete with jawbones and eye sockets. Bending closer, she could see each skull had a hole the size of a quarter in the back of the cranium. These didn't look like old bones."Don," she yelled to archaeologist Donald Mosier, who was standing on the rim. "You'd better have another look at this."Human remains have been turning up on Whidbey Island for decades. The island's largest community, Oak Harbor, sits partly on the site of a Native American burial ground and longhouse settlement going back thousands of years. When bones began turning up during a street project in Oak Harbor's Old Town in 2011, they brought work to a halt. These bones were different, and Brown was determined to know whose they were, and how they got here.

Between soaring mountains, across arid deserts, parched plains and valleys of fruit orchards and olive groves, down glittering coastlines and along viaducts towering above plunging ravines... there is no better way to see Spain than by train. Rail enthusiast Tom Chesshyre, author of Slow Trains to Venice, Ticket to Ride and Tales from the Fast Trains, hits the tracks once again to take in the country through carriage windows on a series of clattering rides beyond the popular image of "holiday Spain" (although he stops by in Benidorm and Torremolinos too). From hidden spots in Catalonia, through the plains of Aragon and across the north coast to Santiago de Compostela, Chesshyre continues his journey via Madrid, the wilds of Extremadura, dusty mining towns, the cathedrals and palaces of Valencia and Granada, and finally to Seville, Andalusia's beguiling (and hot) capital. Encounters? Plenty. Mishaps? A lot. Happy Spanish days? All the way.

When a woman mysteriously disappears on Whidbey Island, it hits close to home for sheriff's detective Shane Lindstrom. Friends arrive for a lighthearted reunion to find protests in the park and police searches on the ferry. In this fourth book in the Brad Haraldsen series, Shane and his friends must race against time to stop domestic terrorists from taking hundreds of lives -- if they only knew where! As readers piece together the clues, Final Justice takes them exploring old growth forest and beaches, into a paramilitary compound, to a former brothel turned B&B, on the ferry to Port Townsend and Hurricane Ridge, and across the Deception Pass Bridge to the picturesque communities of LaConner and Fir Island. The story is both troubling and hopeful. It draws from historic events and also looks ahead at competing visions for America. Through the eyes and actions of its characters, it calls for a more just, compassionate and inclusive democracy.
